EDUCATION

St. Joseph's College of Engineering

B.E. Electronics and Communication Engineering (CGPA: 7.99)

Chennai, TN

2023 – 2027

Govt Higher Secondary School

Class XII (Higher Secondary Education) | Percentage: 80%

Pappampatti, TN

2023

TECHNICAL SKILLS

Languages: C, HTML, CSS, JavaScript, SQL (Basics)

Developer Tools: VS Code, Figma, GitHub

Technologies: React.js (Frontend), Bootstrap, 3D Printing (SLA/FDM), IoT, Arduino

INTERNSHIP

Softorix Technologies Pvt Ltd

Full Stack Developer Intern

Dec 2025 – Jan 2026

Chennai, TN

- Completed intensive training on Full Stack workflows, focusing on client-server architecture.
- Developed responsive frontend modules using JavaScript and Bootstrap for real-time application integration.
- Gained hands-on experience in API handling and modular web component development.

ShivPrema Industries

3D Printing Intern

May 2025 – June 2025

Chennai, TN

- Operated high-precision SLA and FDM 3D printers for creating industrial prototypes.
- Utilized slicing software to optimize CAD models, reducing material consumption and print time.
- Performed post-processing tasks like support removal and UV curing to maintain quality standards.
- Collaborated with designers to troubleshoot print failures and document process improvements.

PROJECTS

MAITRI – Offline AI Assistant | Flutter, Dart

Feb 2026

- Designing an offline AI assistant for astronaut support in space environments using Flutter.
- Architecting on-device interaction logic to function without active cloud or internet connectivity.
- Building a high-performance UI capable of displaying real-time data and critical navigation alerts.

SmartCare – Hospital Management System | React.js, Bootstrap

Jan 2026

- Developed a responsive web app with distinct dashboards for Admin, Doctors, and Patients.
- Integrated interactive appointment forms and user-friendly navigation for hospital workflows.
- Engineered a mobile-first design using Bootstrap Grid to ensure accessibility across all devices.

CERTIFICATIONS

- Bootcamp on IoT Application Development** – NIELIT Chennai (Aug 2025)
- SQL (Basic) Certification** – HackerRank (Aug 2025)
- Introduction to HTML, CSS, & JavaScript** – IBM via Coursera (Aug 2025)
- C Programming Course** – Infosys Springboard (July 2025)
- Figma Training** – Infosys Springboard (June 2025)
